By the signature hereafter, the listed electrician and listed company hereby warranty that all work related to this permit will be installed in a safe and workman-like manner and in accordance with the rules, regulations and codes prescribed by the City of West Allis and the State of Wisconsin codes. Further, it is understood that a contract exists between the property owner, through the electrician, to the City of West Allis that allows City of West Allis inspectors to enter onto the property for all required inspections and investigations. Further, the electrician listed below is responsible for this permit and is obligated to insure all required inspections are performed.

***WI Electrical License Contractor and Master/Master Residential Electrician License information is to be submitted with the first permit submittal and thereafter when licenses are renewed with State. Copy submitted to include signature of licensee's.**

Communication Equipment Installer Name (Type/Print)	State of WI Contractor #	Signature	Date

NOTICE: An Electrical Permit becomes null and void if work or construction authorized is NOT commenced within 120 days of issuance, or if construction or work is suspended or abandoned for a period of 120 days at any time after the work has commenced. Before such work can be recommenced, a new permit shall be obtained. A written request from the permit holder prior to termination may extend a permit up to an additional 120 days.

REFUND OF FEES: That portion in excess of \$100 is eligible to be refunded to the permit holder for work not yet started when a refund request is made in writing and received in the Building Inspection office prior to permit termination.
